

Appendix 10

Miscellaneous guidelines and instructions

This appendix contains one attachment:

10.4A List of facilities requiring facility baseline documentation

Attachment 10.4A

List of Facilities requiring facility baseline documentation

1. List of facilities requiring facility baseline documentation under chapter 10.4.

The following are the current JSC facilities that are required to maintain facility baseline documentation. Organizational directors may propose changes to the Safety and Test Operations Division for approval.

<i>Facility . . .</i>	<i>In building . . .</i>
Mission Simulation and Training Facility	5
Crew Systems Laboratory	7
Photographic Technology Laboratory	8
Development Fabrication Facilities	9 and 10
Space Vehicle Mockup Facility	9N
Preflight Adaptation Trainer Laboratory	9N
Structures and Mechanics Laboratory	13
Standards and Calibration Laboratory	15
Avionics Systems Laboratory	16
Central Heating and Cooling Plant	24
Auxiliary Chiller Facility	28
Mission Control Center - Houston	30
Lunar Curatorial Facility	31
Hypo/Hyperbaric Chambers	32
Space Environment Simulation Laboratory	32
Space Environment Effects Laboratory	33
Mission Simulation Development Facility	35
Central Computer Facility	46
Emergency Power Building	48
Vibration and Acoustic Test Facility	49
138-kV Electrical Substation	221
Atmospheric Reentry Materials and Structures Evaluation Facility	222
Radiant Heat Verification Facility	260
Hypervelocity Impact Research Laboratory	267
Water Treatment Facility	319

Appendix 10
List of Facilities requiring facility baseline documentation
(continued)

<i>Facility . . .</i>	<i>In building . . .</i>
Energy Systems Test Area	350-356
Neutral Buoyancy Laboratory (Sonny Carter Training Facility)	920
White Sands Test Facility	as determined by WSTF Manager
